prominent part in the late canvass, accounts for the result in New York by giving credit circulation will not be hindered by the extended and private enterprises requiring great largely to the "superb generability" of General Anthura, vice-president-elect, whom he regards as one of the best political organizers and managers in the country.

EXAMUSE REVIVISOREST.

EXAMUSE REVIVISOREST.

The negre exodus from the south has been done intersection of the property of the last-maned he says "that while in Coina, to do a great work, Lie state must take charge and private enterprises requiring great and private enterprises requiring great capital; the frequency do great works by such man private enterprises requiring great capital; the frequency and like months of the sum is large and two or these men do the work. In China frequency and deceil are no common, the people will not trust each other. This is a pile."

tern therefrom by Yankes curlosity—it traversed the scena and found a safe landtraversed the ocean and found a safe landing in New York. Then it first began to encounter serious delays, though its transit across the ocean was not as awift as the wind. It required seven weeks to move it from the landing place to Breadway bouldward, a distance of eight hundred feet. It had a crashing effect upon the roadway. The two hundred tens weight broke down the sewers at almost every step, though heavy sewers at almost every step, though heavy colored citizen will remain in the south the weight. It is now safely landed on the boulevard and it will probably proceed to its resting place in Central park. It has

tend to impede its progress. insign responsible for the publication of the text at the targed letter, while the full transcription of the stringly responsible for the publication of the text of the targed letter, while the full transcription of the stringly responsible for the publication of the text of the targed letter, while the full transcription of the stringly responsible for the publication of the country and the text of the targed letter, while the full transcription of the south are well calculated to drive every black man, woman and child who can get letter applied such day than the one before it, and our language immeasurably except the south are well calculated to drive every black man, woman and child who can get letter applied such day than the one before it, and our language immeasurably except the south rest of the country. The southern white people evidently desire and the families of the text the families of the country in the south are well calculated to drive every black man, woman and child who can get leads of farrow is might to the foreigner; the south rest and the can dear the text before it and our language immeasurably except the south rest and the country and the cart of the country language immeasurably except the south rest of the country and the cart of the country language immeasurably except the south rest of the country and the cart of the country language immeasurably except the south rest of the country language immeasurably except the south rest of the country language immeasurably except the south rest of the country language immeasurably except the south rest of the country language immeasurably except the south rest of the country language immeasurably except the south rest of the country language immeasurably except the south rest of the country language immeasurably except the south rest of the country language immeasurably except the south rest of the country language immeasurably except the south rest is the fact that the cast of the country language immeasurably except the south rest is the fact

politting the fext was a matter of minor aportunes when compared with the printig and circulating the far simile, and, ciber, that it was the letter sent out with Mr. Huwryr's indersement and that of the national committee, which inflicted the eal injury upon Mr. GARFIELD. Judge Davis fortifies his summary with many citations from Hanr's testimony, which show that with the exception noted that

was correct and fully justified by the facts. THERE is an iron boom in Virginia since the late election which assures protection to American enterprise and labor. A number of iron men and capitalists from Pennsylvania have recently visited Lynchburg and that region for the purpose of investigating the iron deposits and obtaining more definite information as to the iron resources of the Old Dominion. The Pennsylvanians flattered the Virginians with the expressed opinion that their state holds an iron deposit a hundred-fold more rich and valuable than that of Penusylvania, while the latter state is far in advance of theirs in development and wealth of re-Mr. Porrs declines to be a candidate for source.
